

Premium Vanity Skirt Installation Instructions

TOOLS AND SUPPLIES NEEDED

- ◆ Phillips Screwdriver
- ◆ 3 - Metal Angle Brackets
- ◆ 9 - #6 x 1/2" Phillips head Wood Screws

GENERAL CONCEPT

The Premium vanity skirt is attached to the bottom front of the vanity.
It does not change the height of the vanity.

FIRST (Optional only for field replacement of skirt)

Old Skirt Removal

Turn vanity upside down as outlined in Second step. Carefully remove the old skirt without damaging the vanity. Break-off tips of screws used to attach old skirt.

SECOND

THIRD

FOURTH

FIFTH (Note: Do this step only for 42 inch and wider vanities.)
