New Quarry Gray Stain Color

Based on the popularity and strong sales of our Charcoal (Gray) paint, Woodpro is proud to announce our new Quarry Gray stain color, which is now available. (Photo 1)

The new Quarry Gray color will be offered in Cherry, Hickory and Oak wood species. As a stain, the grain shows through and is a lighter shade than the Charcoal, giving customers several distinctive choices in the hot gray color schemes. See page 3 for color samples.
